

REST ASSURED SAFETY IS TOP OF MIND

Our safety measures at Allegro Harrington Park go above and beyond, including innovative bi-ionization air purification technology, which naturally cleans indoor air. That means the air you breathe inside Allegro is virtually free of mold, dust, pollen, bacteria, viruses, pet dander, chemical cleaning compounds, odors and more. It's simply pure, clean air for your peace of mind.

It is the same air purification technology used by hospitals across the nation, including Walter Reed Medical Center, stadiums like TD Garden and the Staples Center, Marriott, Hyatt and other major hotels, Norwegian Cruise Lines, casinos, universities and other places where air quality is of the highest priority. CARE IN *Rhythm*

À LA CARTE CARE PRICING

With bundled "Levels of Care" at other properties, you pay for future services at reduced rates, but you may never require the use of the specific services you pay for. With our new, transparent and easy-to-understand à la carte pricing, you pay for the care based on your needs at that particular time. Contact a Senior Living Advisor for more details.
