PASSOVER VS EASTER-A PERSPECTIVE

Easter falls each year during or near Passover, the Jewish commemorative holiday that celebrates the Hebrews' liberation from Egyptian captivity and slavery. Passover is the festival of Unleavened Bread, which extends for eight days. Easter is celebrated one day, starting at sundown the night before. Passover celebrates the Jewish people being freed from

slavery. Easter celebrates the resurrection of Jesus Christ. Passover is a widely celebrated Jewish holiday that remembers the Hebrews' exodus from Egypt. The origin of Passover is found in the Old Testament. Easter is found in the four gospels of the New Testament. Passover is celebrated with a Seder dinner. Jesus had a seder dinner on the feast of the last supper. Both holidays take place in the spring. Most importantly, both holidays are signs of hope and the promise of redemption.

This is the season of hope because it symbolizes the resurgence of life after the inevitable challenges of winter. This rising energy generally helps us feel more optimistic and driven to make the most out of our days.

WHAT DOES SPRING REFER TO?

The season of Spring marks the emergence of flowers and the breeding of animals. The chirping of the birds in the morning, and buzzing of the bees in the night becomes very soothing and calm after a long winters silence. A variety of flowers bloom in the spring as does an abundance of fruits and vegetables. A number of health benefits are associated with the spring season. Depression and anxiety are common problems, which replaced by a new sense of hope and optimism; happiness and joy. This is the best season no matter where you are!
