SUMMER

SUMMER REMINDS US TO COME ALIVE!

This season teaches us to be fully awake. engaged and open to everything around us. It's about being outside, weather walking around deep in nature, or just getting out with loved ones and friends. Whatever we do during its few months, summertime remains fixed in our collective consciousness. Many of our deepest memories are forged;

remembering days gone past from our childhood. It is said that everything good and magical happens between the months of June and August. Summer is full of simple outdoor pleasures. Taking nature walks in the morning, watching the flowers grow in our garden, bird watching,, or just taking a dip in our pool , can prove to be a worthwhile and uplifting experience.

It's been proven that the more we connect with what is outside, the more we become content inside. Summer is also the time that Memorial Day reminds us to look back with gratitude and honor those soldiers who gave their lives in battle. The holiday of Junteenth also occurs this month, which marks the end of slavery in the US in 1865. I urge you all to get outside, and embody the freedoms that June has blessed us with.

HAPPY FATHER’S DAY!

The origins of Father’s Day can be traced back to the early 20th century. A woman names Sonora Smart Dodd in Spokane Washington was inspired by her widowed father. She and her five siblings were raised by their father, a Civil War veteran and single parent. According to history, Dodd wanted to establish an official day equivalent to Mother’s Day. That first Father’s Day was celebrated on June 19th, 1910 in Spokane. In 1926, President Wilson honored the day by unfurling a flag in Spokane, and in 1924, President Coolidge urged states to recognize the day.
