FUN FACTS ABOUT OUR FAVORITE MONTH

May is named after the Greek goddess Maia, who was the mother of Hermes. May is Asian Pacific American heritage month in the United States.

The birthstones for May are emerald and agate. May is national Mental Health month in the United States.

May is also National Physical Fitness and Sports month in the United

States. May is the month of Cinco de Mayo, a holiday celebrated in Mexico and the United States to commemorate Mexico’s victory over France at the battle of Puebla in 1862.

Of course, it is the month of Memorial Day in the United States, a holiday to honor and remember those who have died while serving in the military. Observances include Arthritis Awareness month, National Walking month, and Women’s Healthcare month. Of course, we cannot exclude all the Mothers and people that have, and continue taking care of all of us!

HAPPY MOTHER’S DAY!

MINDFULNESS AND GRATITUDE

Why do we practice mindfulness and gratitude? This daily practice can significantly improve our mental and emotional well-being. Mindfulness helps reduce stress and anxiety, while gratitude fosters a more positive outlook and strengthens relationships. These practices, when combined, can lead to greater happiness and a more fulfilling life. Acknowledging and appreciating all the good things in our lives can shift your perspective, boost your mood, and enhance overall happiness!
