

## UPCOMING COMMUNITY EVENTS

The Fourth of July, also known as Independence Day, commemorates the adoption of the Declaration of Independence on July 4, 1776. On that day, delegates from the 13 colonies approved the final wording of the declaration, establishing the United States of America. It's a day to celebrate the birth of our nation.

Although the declaration was accepted on July 4, it wasn't officially signed by every member until nearly a month later, on August 2, 1776. The declaration itself is dated July 4, though, which is why that became our official Independence Day holiday.

Only John Hancock actually signed the Declaration of Independence on July 4, 1776. All the others signed later. The average age of the Signers of the Declaration of Independence was 45. The youngest was Thomas Lynch, Jr (27) of South Carolina. The oldest delegate was Benjamin Franklin (70) of Pennsylvania. The lead author of The Declaration, Thomas Jefferson, was 33.

## NEWS

### JULY FULL MOON

The full buck moon is the name for the first full moon of July. It is called the buck moon because it coincides when male deer, or bucks, grow new antlers on their foreheads. The antlers are fully grown and hardened by the end of summer. The buck moon is also a symbol of reaching your full potential.
