WHAT IS THE SIGNIFICANCE OF VETERANS DAY?

Veterans selflessly serve their country, often putting themselves in harm's way to defend the freedoms we all enjoy.

Veterans Day is a significant observance celebrated to honor all those who served in the United States Armed Forces. Here are some facts you may not know. There is no

apostrophe in the word Veterans. It was originally called Armistice Day. Veterans Day hasn't always been celebrated on November 11. Arlington National Cemetery holds an annual service. The New York City parade is the oldest in the country. Alabama held the first known Veterans celebration. Veterans Day moment of silence Act was passed in 2016. Americans honor veterans on many other holidays as well. 16 million Americans served in WWII. 1.8 million served in the Korean War and 650,000 served in the Gulf War. This year on Veterans Day, be sure to thank a veteran for their service, and even better, strike up a conversation about what they did when they were in uniform. Without them, our country would not be what it is today.

THE MYTHS OF "BLACK FRIDAY"

TITLE

The term "Black Friday" didn't originally refer to a shopping bonanza on the Friday following Thanksgiving. On September 24, 1869, the stock market crashed, causing the price of common goods to drop 20 percent and the cost of gold to plummet 60 percent. This happened as a result of two thieving Wall Street financiers, Jay Gould and James Fisk, who together bought up as much of the nation's gold as possible and sold it at enormous prices. It was a Friday when the plot was revealed, and the market crashed, thus the name Black Friday."
